LeetCode

Education

Maulana Azad National Institute of Technology Bhopal **Aug. 2024 – Present**
Master of Computer Applications — CGPA: 7.95 *Bhopal, Madhya Pradesh*

Makhanlal Chaturvedi University **Sep. 2021 – May 2024**
Bachelor of Computer Applications — CGPA: 8.01 *Bhopal, Madhya Pradesh*

Technical Skills

Languages: Java, C++, Python, JavaScript, SQL, HTML, CSS
Frameworks/Technologies: React.js, Node.js, Express.js, TypeScript, Tailwind CSS
Databases: MongoDB, PostgreSQL, MySQL
ML Basics: NumPy, Pandas, Matplotlib, Scikit-learn, Jupyter Notebook
Developer Tools: Git, GitHub, VS Code, Postman, Docker
Deployment Tools: Vercel, Netlify, Render, AWS
Operating Systems: Windows, Linux

Projects

Real Estate Platform | *React.js, Node.js, , ,Javascript , PostgreSQL, Cloudinary*

- Architected a scalable backend utilizing the MVC design pattern, establishing secure connectivity protocols and seamless database integration.
- Implemented secure JWT authentication with email OTP verification, enforcing strict role-based access control (Buyer/Seller/Admin) for moderation.
- Managed cloud deployment using Render and Vercel for high-availability hosting, integrating Cloudinary for optimized media asset management.

AI Resume Analyzer and Job Predictor | *Python, Scikit-learn, NLP, Streamlit, Jupyter Notebook*

- Engineered a complete ML workflow from PDF resume upload to job matching, training classification models iteratively within a Jupyter Notebook.
- Utilized TF-IDF and NER (Named Entity Recognition) algorithms to optimize resume parsing and automate complex skill extraction pipelines.
- Designed an interactive Streamlit UI to visualize precise resume match scoring and deliver real-time, data-driven course recommendations.

Relevant Coursework

- Data Structures
- Algorithms
- System Design
- Computer Networks
- Software Engineering
- Database Management
- Operating Systems
- Computer Architecture

Achievements

- Solved 500+ DSA problems across LeetCode and other competitive coding platforms, demonstrating strong object-oriented programming fundamentals.
